Scientific World Research Awards

About Awards: Scientific World Research takes theprivilege to awarding the Industries, Academicians, Researchers, Doctors, Scientist, and Regulators fromScience, Health and Engineering fields across the globe to its International Events. The Scientific World Research Awards is an annual gathering. This Event is a unique international platform that's a meetingofall Researchers. We look forward to personally welcoming all the award winners.

Objectives: The Scientific World Research Events is awarding high quality Researchers in different subfields. The purpose of award ceremonies and assemblies is to celebrate researcher achievements and motivate them to continue on their path. The Good researchers are more motivated to succeed in their research field. People want to be respected and valued by others for their contribution. Offer the opportunity to be updated on the latest research outputs on several topics. Organize specific workshops around the most attractive and current issues. Gather worldwide experts as Event speakers.

Key Features and Excellent: Venue | Inspiring Speakers | Certificate |Medal | Memento | Stage Photograph | Awardees listed on website.

Award Categories: Young Scientist Award | Best Researcher Award | Outstanding Scientist Award | Lifetime achievement Award | Women Researcher Award | Best Innovation Award | Best Faculty Award | Best Scholar Award. Institute/ Organization Awards: Excellence in Innovation | Excellence in Research| Excellence Award (Any Scientific field) | Best Research | Innovation Extension activity| Best Artificial Intelligence Research Award | Best Physics Research Award | Excellence in Scientific Writing Award | Best Biology Research Award | Best Technology Innovation Award | Best Social Sciences Research Award | Outstanding Contribution in Research Award | Best Humanities Research Award

Topics of Award Subjects include, but are not limited to: Physics | Chemistry | Biology | Mathematics | Environmental Science | Earth Science | Computer Science | Artificial Intelligence | Data Science | Nanotechnology | Mechanical Engineering | Civil Engineering | Electrical and Electronics Engineering | Information Technology | Robotics and Automation | Medicine | Pharmacy | Public Health | Biotechnology | Microbiology | Agricultural Science | Food and Nutrition Science | Veterinary Science | Economics | Political Science | Sociology | Business and Management | Human Resource Management | History
